

FUSION MORTGAGEBOTLOS™

Reach Your Maximum Business Potential With A Dynamic LOS

The best-in-class technology positions you to enhance your lending profitability by helping you boost efficiency throughout your origination processes, reduce costs, enhance service, streamline compliance and close more loans quicker.”

Fusion MortgagebotLOS™—part of the end-to-end Mortgagebot® lending platform from Finastra—is an all-in-one secure loan origination system that supports retail, wholesale and correspondent mortgage lending.

The Mortgagebot LOS provides unique features to make it a user-friendly, web-based solution for you to streamline all origination processes, access information anytime/anywhere, increase loan production and reduce operating costs.

Origination Through Closing

Tap into robust features such as user-defined groups for processors, underwriters and closers; rely on automated email notifications to alert your staff of the various stages of each loan; and access the real-time pipeline view to easily search for loans and quickly access the 1003, credit reports, AU findings, lock confirmation, loan status and underwriting approval and conditions. Maximize convenience with post-closing functions including Funding, Collateral Tracking, Shipping, Insuring and Guaranteeing, Trades (pair off and allocation), Interim Servicing and Accounting.

Secondary Marketing

Search for qualifying loans after entering a borrower's information and immediately receive a list of qualifying and disqualifying products (including specific reasons for disqualification).

Document Imaging

Receive, manage, store, retrieve and deliver loan files and electronic documents in a completely paperless environment.

Maximize Your Investment

Fusion MortgagebotLOS is part of the comprehensive Mortgagebot lending platform. The best-in-class technology positions you to enhance your lending profitability by helping you boost efficiency throughout your origination processes, reduce costs, enhance service, streamline compliance and close more loans faster.

And when combined with Fusion MortgagebotPOS™ to automate every point-of-sale channel where business is captured, it offers a unique solution to streamline your entire lending operation.

All-In-One Secure Loan Origination System That Supports Retail, Wholesale and Correspondent Mortgage Lending

Automate every point-of-sale channel where business is captured: consumer direct, branch and loan officer.

Integrate directly into the all-in-one, web-based system for processing, closing, imaging and secondary marketing.

Features

Streamline Processing Requirements

- Seamlessly integrate to partner services including credit, AU, flood zone determination, MI, appraisal, compliance check and loan documents.
- Stay on top of regulations and compliance requirements.
- Gain a competitive edge in an aggressive lending industry.
- Increase efficiency, service and savings with paperless document management.

The Solution for All of Your Lending Technology Needs

- *Dynamic.* Fusion MortgagebotPOS™ personalizes the application “path” based on borrower-specific information, loan type and more. Fusion MortgagebotLOS is configurable by user type, institution and products, and offers a built-in workflow to streamline all processing requirements.
- *Accurate.* Correctly handles all product, fee and pricing details and ensures that when applications are submitted via the consumer direct channel, only completed

applications are accepted, minimizing wasted time and resources.

- *Integrated.* Completed applications can flow directly from Fusion MortgagebotPOS into Fusion MortgagebotLOS for processing, closing, imaging and secondary marketing or into third-party loan origination systems.
- *Connected.* Links directly to automated underwriting systems, credit-reporting solutions, fraud-detection products, flood zone determination, MI, appraisal, compliance check and loan documents.
- *Compliant.* Aggressively maintained and enhanced to ensure the platform complies with all regulatory changes.
- *Secure.* Protects sensitive borrower information with redundant back-up systems, multi-level data security and rigorous independent audits.
- *Reliable.* Supported by our dedicated team of professionals with rich technical knowledge and extensive lending experience to deliver a rapid, proven implementation along with outstanding service.

About Mortgagebot®

More than 1,400 clients nationwide are using the robust, scalable, easy-to-use Mortgagebot platform for automating loan applications, pricing, approvals, disclosures as well as processing, closing, imaging and secondary marketing.

About Finastra

Finastra unlocks the potential of people and businesses in finance, creating a platform for open innovation. Formed in 2017 by the combination of Misy and D+H, we provide the broadest portfolio of financial services software in the world today – spanning retail banking, transaction banking, lending, and treasury and capital markets. Our solutions enable customers to deploy mission critical technology on premises or in the cloud. Our scale and geographical reach means that we can serve customers effectively, regardless of their size or geographic location – from global financial institutions, to community banks and credit unions. Through our open, secure and reliable solutions, customers are empowered to accelerate growth, optimize cost, mitigate risk and continually evolve to meet the changing needs of their customers. 48 of the world’s top 50 banks use Finastra technology.
