

FUSION ASSURE
FINASTRA SERVICES

Supporting our Clients' Success

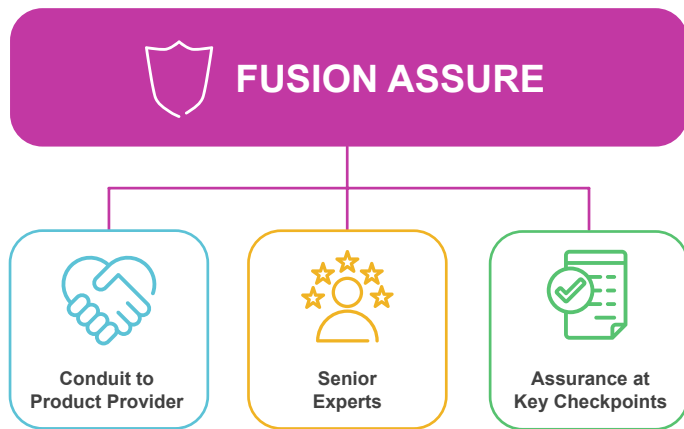

We have designed Fusion Assure – using our extensive project experience, to provide our clients and partners with the support they need to execute successfully.

Fusion Assure provides a review at the five key project stages. Performed by Finastra's expert team, Fusion Assure enables our clients to achieve their business objectives.”

For implementations and upgrades of Finastra solutions that are led by partners or clients, we offer expert validation to support consistent quality and reduce risk throughout the project.

We work with our clients and partners to help your business get the most out of our solutions.

	Initiate	Define	Build	Test	Deploy
Essential	Planning Validation	Design Validation	Build Quality and Test Readiness	Test Analysis and Resolution	Go-Live Readiness
Enhanced	Additional Support for Critical Activities				

Fusion Assure has two levels of support available for both our partners and our clients, providing support tailored to your individual needs.

Fusion Assure – supporting clients and partners to deliver better, faster and safer.

Essential Service Features

- A fixed price
- Validation at five key checkpoints
- Report at each phase
- Participation in project steering committee

Fusion Assure Essential

Fusion Assure offers support at five assurance points in a phased gated approach. Implementations and upgrades are reviewed by Finastra experts at each of the five stages to support clients and partners in achieving optimal project outcomes.

Fusion Assure Enhanced

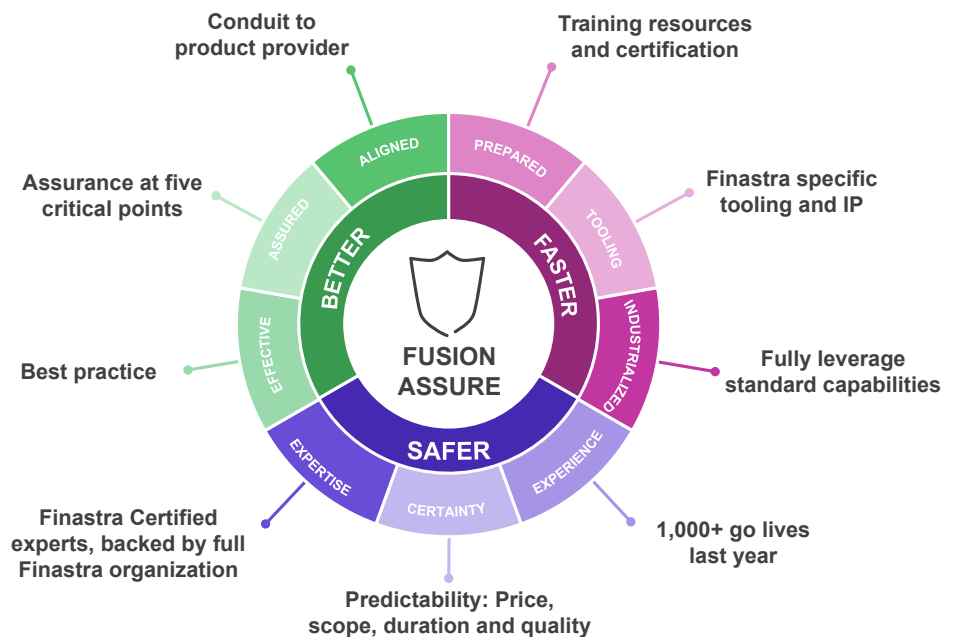

We offer optional packages if additional support is needed at any of the five project stages. These range from leading the design process to reviewing custom code, managing the delivery of fixes and assessing the production environment for go-live readiness.

Key Benefits

- Support client and partner success
- Support a deliverable, best-practice design
- Minimize customization for faster delivery and lower TCO
- Increase the predictability of project's scope, duration and quality
