Managing updates, such as lender and borrower details

Building investor lists

Review of corporate financial information

Evaluating and selecting potential syndicate members

Of our webinar attendees have digitized less than 25% of processes

Manual processes inhibit efficiency and profitability

| Impacts | Outcomes |
|---|---|
| High potential for data entry errors | Regulatory compliance issues |
| Use of static data | Lack of insights into performance or future opportunities |

//

No real-time collaboration

Lengthy cycle times

We need a fundamentally new way of working, a transition away from a deal-by-deal approach toward a platform approach, eliminating silos and tackling each part of the process as a sequence of events."

Axel Coustere Co-founder, HUBX

Fusion Loan IQ and HUBX powers your syndicated lending

Integrated solution using Finastra's FusionFabric.Cloud platform, Loan IQ and HUBX

Centralized repository holds information and documentations for every deal

Automated investor selection and matching

Support for multiple concurrent deals
