Filogix, a Finastra company, has been the technology hub of the Canadian mortgage industry for over two decades, offering secure and reliable software and solutions to mortgage brokers and lenders.

Canada's premier mortgage technology partner

The Filogix open cloud platform enables effective management of the sales process, from origination through underwriting, allowing mortgage professionals to seamlessly submit mortgage applications to our lender network from their choice of front-end systems, and for lenders to receive applications regardless of the broker's platform of choice.

Finastra offers leading edge financial technology solutions in Canada, providing mortgage technology, cheque processing, payment management and student lending solutions to the Canadian mortgage industry, banks, credit unions and governments. We bring deep expertise and an unrivaled range of pre-integrated solutions spanning retail banking, transaction banking, lending, and treasury and capital markets.
