

Factsheet

Finastra’s LaserPro Cloud Connect API enables seamless integration with third-party LOS providers

Providing credit analysts and loan servicing staff with the connectivity, efficiency, and compliance coverage they need

//
Before the Connect API, we had an export process that we used. With the API integration we are using now, we have seen increased efficiency by being able to draw proposed loans directly into LaserPro, meaning less data entry and less room for errors."

Oakstar Bank

LaserPro Cloud Connect
Over 4,000 community banks and credit unions rely on LaserPro, the industry-leading loan document engine, to ensure the closing process is executed efficiently and in compliance with all state and federal regulatory requirements (in fact, we guarantee it!). Finastra is making it easier for financial institutions with third party LOS solution providers to efficiently gain the myriad benefits of LaserPro through our Cloud Connect API integrations.

A LaserPro Cloud Connect interface with a loan origination system enables credit analysts and loan servicing staff to efficiently enter information within their supported LOS and seamlessly transfer it to LaserPro to generate compliant closing documents.

Hundreds of fields are available to our LOS partners – including customers, guarantors, collateral, and loan data – and they can be transferred to LaserPro with a single click.

Benefits of using the LaserPro Connect API

Save time
Quickly select the loan and details needed and send them to LaserPro with a single click

Customize data fields
There are hundreds of different fields available including customers, collateral, and loan data

Quick and easy setup
Integration setup can be completed swiftly and the intuitive loan data selection process creates efficiency gains

LaserPro Cloud Connect’s network of LOS integrations is growing

LaserPro Cloud Connect API currently integrates with over a dozen ISVs...with more coming soon!

Talk to your Sales Representative about how you can take advantage of the new technology. If your LOS is not yet integrated, or uses the file-based integration, ask them to reach out to Finastra to learn how they can take advantage of this new API.

LaserPro Cloud Connect: the most efficient way for you to enjoy the benefits of Finastra’s industry standard compliant loan documentation solution!
