Lower risk from manual data-entry

Grow profitably and stay competitive

Provide a superior borrower experience

75,000

Average number of pages of regulatory changes each year

Time spent on manual processes

68% Loan document preparation

As the foundation of Total Lending, LaserPro streamlines your compliant loan document preparation

Reduce outside attorney fees and related costs by up to 90%

“

LaserPro has accelerated the speed with which we can assess and process a loan: we can now evaluate, approve and issue a small loan within ten minutes. We re-invest all of the savings that we have made into developing additional capacity in our loans department to meet the growing demand.”

Matthew Davis – Loan Officer, Farmers Bank of Willards

Reduce operational costs by 20% and gain 2x productivity without increasing staff

“

Since implementing LaserPro, it has improved our commercial lending process. It has reduced the amount of time it takes to go from application to closing and it has reduced dual entry into different systems therefore increasing efficiency.”

Denelle Collasanti – AVP, Solvay Bank

Eliminate duplicate data entry by 87%

“

Using LaserPro gives us peace of mind that we’re in compliance. It has dynamic documents that we can build as we process the loan. And barcode integration goes straight into our imaging system. The documents are the best in the industry, I trust them, and my people trust them.”

Michelle Burton – VP Loan Operations, Bank Plus
