**FINASTRA**

# Academy.AI
# The authoritative Trade and Lending training program

To combat a skills shortage in the lending industry, Finastra is offering curated training and certifications for users of Loan IQ and Trade Innovation. The course content is structured to enhance the skills of all users, equipping them with the domain knowledge and product skills needed to navigate complex business and technical requirements across corporate lending and trade finance.

## Course categories

- ☑ Foundational
- ☑ Advanced
- ☑ Specialist

Academy.AI's structure combines instructor-led and self-paced training, along with access to experts and a Gen AI chatbot, to create an unparalleled learning experience. Certifications are available and are valid for two years after users pass the requisite online exams.
