

Mastercard Move via Finastra Financial Messaging

As customers demand greater speed, transparency and security, banks need to deliver an experience that keeps pace with how we live and work in the world today, while effectively managing operational costs and risks.

The Finastra and Mastercard partnership provides banks and other institutions easy access to a new set of payment rails to optimize your cross-border payment strategies and deliver an exceptional customer experience.

Benefits

Simple integration

Connectivity to Mastercard is easy and streamlined via your existing integration with Finastra Financial Messaging—minimal investment of time and resources is needed.

Predictable experience

Stay in control with a cross- border payment service that includes guaranteed rates, real- time transaction tracking and no hidden fees, plus confidence from the stability and resilience of Mastercard’s network.

Cost efficiencies

As an alternative to traditional bank wires, Mastercard’s payment network is designed to deliver cost efficiencies for high-volume, low- value transactions.

Choice and optionality

With Mastercard’s converged network capabilities, you can choose to route transactions directly to bank accounts, digital wallets, cards and cash payout locations to best serve your customers’ needs.

Expansive network reach

A connection to Mastercard via Finastra is a connection to a world of opportunity. Reach 200+ countries and territories across 150+ currencies, 10B+ endpoints, and 95% of the world’s banked population.*

Reduced risk

Mastercard’s in-house treasury and compliance expertise help optimize your global payment strategies and processes to reduce operational costs, liquidity burdens and fraud risks.

* As of May 2025

Why Finastra and Mastercard

Finastra and Mastercard share a commitment to deploying flexible solutions that integrate seamlessly, so that you can meet the changing demands of the payments landscape with speed and agility.

By removing the complexity and heavy investment of time, people and resources of typical technical integrations, Finastra and Mastercard speed up your time to market so you can focus on delivering on customer experience and scaling sustainably.
