FINASTRA

Turn working capital opportunities into scalable, controlled growth

Launch, scale and manage supply chain finance propositions while retaining control of client journeys, risk decisions and operations.

Bank-controled | Configurable | Built to scale

Launch faster. Scale smarter. Stay in control.

One platform. One controlled journey. Multiple ways to grow.

Control: Configure, govern control

- Bank defined programs, roles, rules, limits and approvals
- Bank controlled by design

Scale: One platform, multiple products

- Payable financing, Receivable financing, Dynamic discounting and Risk distribution
- Common capabilities not product silos

Connect: Connect into the bank ecosystem

- Trade, Lending, channels, core banking, KYC, compliance and third parties
- Integration ready by design

The value for your bank

Grow revenue

Expand working capital and fee-based opportunities.

Deepen relationships

Support buyers and suppliers across their liquidity needs.

Manage growth and risk

Scale programs while maintaining policies, limits and decision control.

Bank-defined controls, limits and approvals at every stage

1 Onboard → 2 Ingest → 3 Assess → 4 Finance → 5 Settle → 6 Evidence

From onboarding to audit evidence
